Physician and Surgeon  
SACRAMENTO, CAL.  
Has moved his offices to 1009 1/2 North Street, between 10th and 11th, near 10th to 12th a. m. 2 1/2 to 8 p. m., or by appointment.  
DR. E. V. LONGO  
Physician and Surgeon  
JACKSON, CAL.  
Office: Webb building, Main street. Residence: Broadway, near Marre's Hotel. Telephone Main 383.  
DR. A. M. GALL  
Physician and Surgeon  
JACKSON, CAL.  
Office in Well & Remo building, Main Street.  
DR. LEWIS & THORNTON  
140 Geary street, San Francisco.  
Practice Limited to Chronic and Complicated Diseases.  
Only Hot-Air Well on the Pacific Coast.  
Hours:—9 to 12 A. M., 1 to 4 P. M. Evenings and Sundays by appointment.  
Consultation and Examination Free.  
Telephone: RR 1022.

DENTISTS.  
DR. C. A. HERRICK  
DENTIST  
JACKSON, CAL.  
Office in Kay building. Hours from 9 a. m. to 5 p. m.  
MISCELLANEOUS.  
RICHARD WEBB  
United States Commissioner  
JACKSON, CAL.  
Will attend to Homestead and other filings; making of final proofs and all other Land Business.  
Deeds and other legal documents drawn up. Agent for Phoenix Assurance Company of London, and Washington Providence Fire Insurance Companies.

A Street Parable.

A little girl stood at a window blowing soap bubbles. Beneath stood a little boy, and as she blew bubbles toward him he tried to catch them. They broke and disappeared on all sides, but the two laughed and kept up the game, she snuffing down and he gazing upward eagerly.  
"Behold, a parable," said a man to a woman. "The eternal relation of the sexes! You blow beautiful bubbles down to us from your height, and we weary ourselves in trying vainly to catch them. Poor little boy!"  
The pair played and laughed in the sunshine until the boy grew tired. He called out "Goodbye!" gayly and ran away to play with other boys and girls in the street. The girl looked after him wistfully, a shadow on her face. She did not care to blow bubbles any more. She leaned out to watch him, and as she did so she tipped over the bowl of soapy water. She looked very lonely.  
"Behold, a parable," said the woman to the man. "He has tired of the game; not she. There is no other little boy to blow bubbles to, and if there were she has no pretty bubbles left to blow. Eternal relation of sexes! Poor little girl!"—New York Tribune.

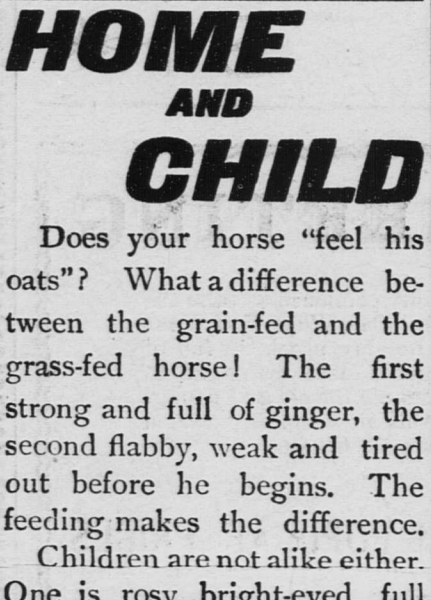

Fire Among Savage Nations.  
According to Pliny fire was long time unknown to some of the ancient Egyptian tribes, and when a celebrated astronomer made them acquainted with that element and how to produce it they were wild with delight. The Persians, Phoenicians, Greeks and several other nations acknowledge that their ancestors were once without the comforts which fire bestows; the Chinese confess the same of their progenitors. Pompanous, Mola, Plutarch and other ancient writers speak of nations which, at the time when they wrote, knew not the use of fire or had just recently learned it.  
The inhabitants of the Marian Islands, which were discovered in 1551, had no idea of fire or its uses. Their astonishment knew no bounds when they saw it applied to wood, most of them taking it to be some kind of an animal which the sailors had brought with them and which must be fed on wood.

All Charged but the Cork.  
A gold story is told of a digger who had ridden into a Western Australian town to consult a doctor. Having done so, he went to have the prescription made up.  
"How much is this lot?" he asked the chemist.  
"Well, let me see," was the reply. "There's seven and sixpence for the medicine and a shilling for the bottle." He hesitated, uncertain whether he had charged for everything.  
"Oh, hurry up, boss," said the impatient miner; "put a price on the cork and let us know the worst."—London Tit-Bits.

His Gift.  
The following incident is reported from one of the public schools in the poorer section of Boston:  
"Say, teacher, here's a tuberose I brought you," said a smudge faced youngster the other day.  
And, beaming her thanks, she asked him where he got it.  
"Oh, say, dat was easy," he replied. "I got it off'n a dead lady!"

Imperitment.  
It is said that Sarah, duchess of Marlborough, one day remarked to her grandson, Jack Spencer: "Jack, you must marry, and I will give you a list of the ladies you may propose to."  
"Very well, granmame," he said, and he proposed to the first on the list. When he came back with his wife from their wedding tour, he went to pay their respects to the old lady.  
"Well, now," she said, "I am the root, and you are only the branches, and therefore you must always pay me a great deal of deference."  
"That is all very well," said Jack imperitmently, "but I think the branches would flourish a great deal better if the root was under ground."

Does your horse "feel his oats"? What a difference between the grain-fed and the grass-fed horse! The first strong and full of ginger, the second flabby, weak and tired out before he begins. The feeding makes the difference. Children are not alike either. One is rosy, bright-eyed, full of life and laughter, another is pale, weak and dull. The feeding again is responsible. Sickly children need special feeding. They don't "feel their oats". Scott's Emulsion adds just the right richness to their diet. It is like grain to the horse. The child gets new appetite and strong digestion. Scott's Emulsion is more than food. It is a strong medicine. It rouses up dull children, puts new flesh on thin ones and red blood into pale ones. It makes children grow. Scott's Emulsion makes ordinary food do its duty.

Will attend to Homestead and other filings; making of final proofs and all other Land Business.  
Deeds and other legal documents drawn up. Agent for Phoenix Assurance Company of London, and Washington Providence Fire Insurance Companies.

AN OVERWORKED PHRASE.

The Expression "He Took His Life in His Hands."  
"The expression 'he took his life in his hands' always struck me as being very foolish," said a bright young gentleman, "and I have often wondered why so many persons persist in using it when they want to speak of extraordinary dangers. Now, extraordinary danger is one thing and the simple, commonplace thing of taking one's own life in one's hands is an entirely different thing."  
"I work in a big building. There are a steam engine and a mammoth boiler in the basement. Whenever I enter that building, if they are running the engine in the basement, I take my life in my hands. I get on the elevator on the fifth floor; I take my life in my hands. I go out of town; the car may tumble over a trestle somewhere. I walk along the street; a sign may fall on me. I make my way across the thoroughfare; who knows but what a street car or a vehicle of some sort may not run me down? I cross the river; may I not suddenly find myself in the swirling stream and sinking for the last time? If I walk along the street, may not a brick or a loosened cornice come crashing down upon me? There are a row and a shot or two on the corner; may not a stray bullet wing me? And so on."  
"Pessimism? No. Logic. That's all. It just shows the difference between taking one's own life in one's hands and the matter of confronting extraordinary danger. These risks are ordinary, plain, old, everyday risks. The dreamer who dashes into a burning building to rescue a child, the fellow who grabs the bridle of a runaway horse, the hero who will plunge into the river to save some person who is about to drown—these are the persons who confront what I would call extraordinary dangers, and the worn platitude of saying of one of these 'he took his life in his hands' would not fit the case because there would be in the act an element of heroism which would place it much above the commonplace."—New Orleans Times-Democrat.

HOYT'S JOKE ON M'KEE.  
How the Playwright Had a Bit of Fun With His Manager.  
On one occasion Manager McKee was watching a performance from a box, where he was seated with some friends.  
During the first act an usher came to him with the information that a gentleman was waiting at the door to see him on most important business.  
"Tell him I can't come out—I'm very busy," was the answer.  
The usher returned in a moment to say that the man insisted on seeing Mr. McKee, who again sent out word that it was impossible to see him.  
The man outside then sent in the message that he was an author and had a play that he wished McKee to read immediately.  
This incensed the manager, who said to the usher:  
"Tell that fool out there that this is no time to bring a play to be read. Get him out of the place—I won't see him. I won't read his play."  
A few minutes later the usher came back and informed McKee that the man utterly refused to go without seeing him, and that he must be granted an interview, also that he was quite sure that the manager would not only read his play, but he would also produce it, and added that he would bet \$1,000 that Hoyt & McKee would be only too glad to get the play.  
At that McKee became furiously angry, and, excusing himself to his party, left the box with the intention of personally inviting the persistent author to begone.  
"Where's that idiot who insists on seeing me?" he asked of the treasurer as he passed his box office. Then the treasurer pointed to a man standing in the shadow with a roll of manuscript under his arm.  
It was Hoyt, with his newly finished play, which he handed to McKee, who said to those present:  
"It's on me—what'll you have, boys?"—New York Clipper.

Odors That Permeate Foodstuffs.  
A fish dealer in one of the most stylish parts of New York was deeply hurt and badly worried one day by the complaint of one of his big customers that a salmon which he had sent to the house for a big dinner had proved to be entirely uneatable when served owing to a most penetrating taste of creosote that pervaded it. The fish dealer realized, although the charge was not made directly, that he was more than suspected of having sold a stale fish that had been washed or brushed with an antiseptic preparation to hide its condition. He knew that the salmon had been perfectly fresh when he sold it, and he was sure that it was the problem. But suddenly he remembered that on the day the fish was sent out a tank wagon full of creosote had stopped before his place and that his cart, into which the fish was being placed, was directly alongside of the powerful stuff. That appears to have been enough to permeate the delicate flesh of the fish.—New York Press.

Woees Morpheus With Picture.  
"I have found a cure," said a physician, "for a person who isn't chronically afflicted with insomnia, but who temporarily cannot sleep. It is a curious thing that the picture of a person yawning will almost invariably induce sleep."  
"Try it yourself some time if you come across such a photograph. For the life of you you can't help yawning, after a moment, and persistent gazing at the sleepy head will almost inevitably send you to the couch for a nap."—New York Times.

A Hard Problem.  
First Scientist—This is a puzzling case indeed.  
Second Scientist—I should say so. Why, this would puzzle an amateur scientist.—Baltimore American.

Health and Beauty.  
A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's reform is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. Dr. Witt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular healthy action of the bowels but never cause griping, cramps or distress. Safe pills. Kerr's Pharmacy, Jackson.

REVOLVER WOUNDS.

More Dangerous, For Many Reasons, Than Those of the Rifle.  
Wounds in civil life differ from those in military life in the greater after danger of septic involvement. Revolver cartridges are more liable than rifle cartridges to have been handled frequently, to have been carried in dirty pockets and to have come in contact with various forms of infectious materials that may prove of serious consequence when buried in the tissues. Moreover, revolver cartridges are covered with a coating of grease, and this encourages an accumulation of manifold microbic material, some of which may prove to be of virulently infectious nature.  
Rifle bullets are practically always sterilized by the intense heat developed by the powder at the moment of their discharge. Their rapid progress through the air while in a heated condition still further serves to cleanse them of any extraneous material that may chance to have accumulated on their surfaces. This cleansing process is very effectually begun by the rifling of the rifle barrel through which the bullet forces its way.  
All these favorable factors are lacking in the case of the revolver bullet, and so it is possible that in any given case such a bullet may carry infectious material with it into the tissues. If this were in small amount, nature might effectually wall it off and no serious consequences result. On the other hand, such infectious material might lie seemingly dormant for days, but really slowly gathering strength by multiplication, and when its toxins were elaborated in sufficient amount they might paralyze protective chemotaxis and produce a septic condition.—New York Medical News.

APHORISMS.  
The man who procrastinates struggles with ruin.  
An apt quotation is as good as an original remark.—Johnson.  
Progress is the activity of today and the assurance of tomorrow.—Emerson.  
To be vain of one's rank or place is to show that one is below it.—Stanislaus.  
The desire of appearing clever often prevents one becoming so.—Rochefoucauld.  
God is on the side of virtue, for whoever dreads punishment suffers it, and whoever deserves it dreads it.—Colton.  
The mind that is much elevated and insolent with prosperity and cast down by adversity is generally abject and base.  
Human nature is so constituted that all see and judge better in the affairs of other men than in their own.—Terece.  
Despite all refinement, the light and habitual taking of God's name in vain betrays a coarse and brutal will.—Chaplin.

A Large Covey.  
Two old hunters were swapping yarns and had got to quail.  
"Why," said one, "I remember a year when quail were so thick that you could get eight or ten at a shot with a rifle."  
The other one sighed.  
"What's the matter?" said the first.  
"I was thinking of my quail hunts. I had a fine black horse that I rode everywhere, and one day out hunting quail I saw a big covey on a low branch of a tree. I threw the bridle rein over the end of the limb and took a shot.  
"Several birds fell and the rest drew away.  
"Well, sir, there were so many quail on that limb that when they flew off it sprang back into place and hanged my horse!"—Los Angeles Times.

Turned The Tables.  
A lecturer was once descending on the superiority of nature over man when an irreverent listener in the audience fired that old question at him:  
"How would you look, sir, without your wig?"  
"Young man," instantly replied the lecturer, pointing his finger at him, "you have furnished me an apt illustration for my argument. My baldness can be traced to the artificial habits of our modern civilization, while the wig I wear"—here he raised his hands till his windows shook—"is made of natural hair!"  
The audience testified its appreciation of the point by loud applause, and the speaker was not interrupted again.

Rice and Rice.  
To most people rice is rice, but, notwithstanding this, there is a considerable difference between the Chinese and Japanese and the American artist. The former is darker in color and in no way compares with the latter in flavor or quality. Of the American, however, there are a number of grades, of which that grown in the Carolinas is considered the best. When purchasing, see that the grains are large, plump and unbroken. In washing be careful not to break them between the hands.

A Use For The Hyphen.  
A teacher had just given a lesson on the hyphen, and thinking that his class understood it now, he wrote the word "birds-nest" on the blackboard. "Now, boys, why do we have a hyphen between birds and nest?" asked the teacher.  
Several hands went up, and the teacher pointed to a small boy who seemed very anxious to answer. "For the birds to roost on," was the reply.—London Tit-Bits.

Statistical Item of Interest to Women.  
This is that today women are two inches taller on an average than they were twenty-five years ago.  
Lambblack mixed with turpentine to a consistency that will flow readily from the brush makes a good marking ink.  
Mostly Fortissimo.  
Hunt—It seems strange to me to hear you criticize your wife's reflections as harangues, in view of the fact that in the earlier days of your married life you spoke of your wife's voice as the very soul of music.  
Blunt—That's all right, too, but you see she's drifted from the Italian to the Wagnerian school.—Richmond Dispatch.

Back Again from Europe!

By the solicitation of many friends and patients  
DR. H. EHRLICH  
The Eminent Eye, Ear, Nose and Throat Surgeon  
From Berlin, Germany, will make his next visit to  
Jackson, Monday, December 16th,  
8 a. m. to 3 p. m. sharp, at Globe Hotel,  
One Day Only.

And return once a month. Do you want that Catarrh cured? Do you want that Deafness cured? Do you want to see those Weak, Watery Dm Eyes? If so, go and consult Dr. Ehrlich this trip. It costs you nothing to get his opinion.  
Hundreds of patients have been treated by him lately and all are pleased. His wonderful cures are bringing the deaf and blind from all sections for relief, and they go home and tell others and the crowd increases each month. A hundred cases of grandest discovery to suffering humanity.  
Hundreds of people suffering with weak eyes have thrown away their glasses and are able to see again. Cataracts and Films on the eye, of many years standing removed without the knife, over 1500 had there eyesight restored by this new method in the last year.  
Write to your friends and go early.  
Consultation Free.

DR. H. EHRLICH.  
CATARRH in any form of the HEAD, THROAT, STOMACH, BOWELS and DEAFNESS POSITIVELY CURED.

By a New Treatment and New Methods Discovered by Myself. It is the Most Wonderful Discovery of this Age on Lung, Nose and Ear Diseases.  
Diseases of the Eyes in any part; Lids, Granulated, the most stubborn cases hopelessly given up by other Doctors I cure positively with my new method, Iris, Cornea, Lens and Optic Nerve cured speedily without pain, knife nor incisions caustics, and patients go home with impunity. Weak, Watery Eyes, Drooping Eyelids, Wild Hairs, Astigmatism, Near-sightedness, and all cases of the Lungs, Nose and Throat cured quickly and permanently.  
Noises in the Ears stopped. Discharging Ears cured in every case. Come and see me, I can tell you in five minutes whether curable or not.  
Catarrh and its symptoms: Headache, Nervousness, Eye troubles, Ear, Lung, Liver, Stomach, Bowels, Womb troubles I can cure. Treatment gives immediate relief. Remember, if you have any diseases of the

EYES, EARS, NOSE AND THROAT

Read what the people have to say. If that does not satisfy you come and see me and I will refer you to over 500 cured by me. Among them are doctors, lawyers, business men and working men, and if you can find any one of these that say they ever had or saw used the treatment I used, I will treat you free.  
If you are coming, come early as my rooms are always crowded.

ONE MAN'S LUCK.

Steered Into a Junior Partnership by a Chance Gust of Wind.  
"Speaking of taking in partners," said a downtown business man, "our junior was, you might say, blown in on us, and I saw him started in our direction, though I had no idea of it at the time.  
"Going down town one summer morning on a Ninth avenue elevated train I saw sitting opposite to me a young man who caught my fancy, a substantial, earnest, straightforward looking chap, whose looks I liked first rate. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, as a matter of fact it didn't go out. A gust of wind with just the right twist to it came along at just that moment and blew the paper back, to fall on a vacant seat next to him.  
"And as it fell something in it caught his eye, and he picked up that part which he had just been trying to throw away and began earnestly to read it. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, as a matter of fact it didn't go out. A gust of wind with just the right twist to it came along at just that moment and blew the paper back, to fall on a vacant seat next to him.  
"And as it fell something in it caught his eye, and he picked up that part which he had just been trying to throw away and began earnestly to read it. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, as a matter of fact it didn't go out. A gust of wind with just the right twist to it came along at just that moment and blew the paper back, to fall on a vacant seat next to him.  
"And as it fell something in it caught his eye, and he picked up that part which he had just been trying to throw away and began earnestly to read it. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, as a matter of fact it didn't go out. A gust of wind with just the right twist to it came along at just that moment and blew the paper back, to fall on a vacant seat next to him.  
"And as it fell something in it caught his eye, and he picked up that part which he had just been trying to throw away and began earnestly to read it. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, as a matter of fact it didn't go out. Congress met last Monday. The message of President Roosevelt is one of the strongest and most straightforward documents ever presented to the nation. It is thorough and paced in its American ideas, and in its continuation of the policy inaugurated by McKinley. It has received the widest commendations from foreign journals. It takes a firm stand on all the leading questions now agitating the people. On the one burning issue before the Pacific coast—the continued exclusion of the Chinese—the message is strongly in favor of the reenactment of the Geary law. It favors the independence of Cuba at the earliest practicable moment; the building of the canal across the Panama isthmus; the acquirement of the Danish West Indies; the upbuilding of our merchant marine; and the reclamation of the arid lands by irrigation. It disavows any radical revision of the tariff, and this recommendation will be cordially indorsed by republicans generally. We have no space to discuss the document at length. Altogether it shows that we have in President Roosevelt an able and earnest advocate of those republican principles and policies which have conducted the nation to its present proud position of unparalleled greatness and prosperity.

The supreme court has decided that the grazing tax on migratory stock is constitutional. Most of the stockmen of this county who drive their herds into Alpine county for summer pasturage, paid this head tax to that county this year under protest, in anticipation of the higher court passing upon the question in a case appealed from Butte county. The vexed question is now settled, and Alpine is secure in this source of revenue, which is of vital importance in the maintenance of her county organization.

## SUPERIOR COURT.

Hon. R. C. RUST, Judge.

Estate of Pasqualia Picado—Decree establishing notice to creditors.

Estate of Lillie M. Ekel—December 14th appointed for hearing of application for lease of certain real estate for 5 years at a total rental of \$800.

Estate of Mary Callahan—Hearing on final account continued until Dec. 7.

Estate of L. L. Northrup—Final account allowed and decree of distribution granted.

Guardianship of Edward Allen—Hearing on final account. Decree settling same.

Estate of Edward Allen—Geo. A. Gritton appointed administrator.

Whelan vs. Reik—No one appearing for plaintiff, matter continued, counsel for defendant to present affidavits.

J. Raddatz vs. T. Ryan—Set for trial January 4.

Drew vs. Centennial Mining Co.—Continued until December 7.

Central Eureka vs. East Central Eureka—Hearing on motion to tax costs continued until December 7.

A. Weil vs. his creditors—Continued until December 7.

F. A. Orr vs. L. Ferdinando—Continued until December 14.

People vs. W. Gotow—Order for removal of F. Christenson from state prison to Amador county as a witness for prosecution.

## NEW CASES.

Estate of Samuel G. Morrow—Robert I. Kerr petitions for letters testamentary. Caminetti &amp; Bole, attorneys.

Estate of John Juka—Mrs. Louisa Juka petitions for letters testamentary. Last will and testament filed. Decree left real property in Jackson, upon which a homestead had been filed, valued at \$900; also personal property in Amador county consisting of \$900 in money, some of it belonging to others; also real and personal property in Austria, the value of which cannot be ascertained. Deceased left widow and 4 children, three girls, aged 7, 8, and 2 years respectively, and one son aged 4 years. John F. Davis, attorney for petitioner.

Lucy Jones vs. Orlando Jones—Action for divorce on the ground of infidelity. A. A. Macquarrie, attorney for plaintiff.

Stationary and all kinds of writing material may be had at Kerr's Pharmacy at lowest prices.

## TEACHERS' INSTITUTE.

Minutes in Full of an Interesting Gathering.

MONDAY, NOV. 25, 1901.

Institute was called to order by ex-officio president, Geo. A. Gordon. Singing, "Columbia the Gem of the Ocean," by committee and institute. Not having a list of the names of teachers, roll call was dispensed with. A motion was made and passed that the committee stand as named.

Persons on "How to teach reading," were read by Miss Mattie Hinkson and Miss Mabel Wheeler, some very useful points being brought out.

Miss Alma M. Patterson took up the subject, "Training of the senses." The subject of sense development, she stated, lies between the ages of six and nine or ten years. The reasoning develops about twelve, and the sense development begins to decrease. A difficulty with us is that we try to make our children reason before their reasoning powers are developed.

Discussion followed by Miss Alice Gartin, Miss Elizabeth Jones, and remarks by Supt. Geo. A. Gordon. Recession of ten minutes then declared, after which the subject, "Reading as a means of acquiring knowledge," was presented by Miss Vannie McLaughlin and Miss Lottie Breese.

Miss Alma M. Patterson then took up the subject, "Reading in the primary grades," and presented it in a manner very advantageous to the teachers. A discussion followed by Miss Nellie Payne, Miss Edna K. Burton, and Miss Elizabeth Jones. Questions being asked by Miss Vannie McLaughlin and Miss Rachel Goldner.

Adjourned until 1:30. Institute called to order by Vice Pres. F. M. Petty. F. M. Petty, "Star Spangled Banner," by committee and institute.

A paper on "What to do in Language Work," was read by Miss Amy B. Pharis, and a talk on the same was given by Miss Maud E. Read. Miss Pharis' main point of the talk to be in taking up the work in connection with nature study, and Miss Read in connection with story reading and compositions. Questions by Supt. Gordon, and remarks by W. H. Coleman, Geo. F. Mack, and Geo. A. Gordon on the importance of nature study.

"Primary Language Lessons—Aims, Materials, and Methods," was quite thoroughly taken up by Miss Alma M. Patterson, and presented in a practical way; the main point seeming to be that our pupils learn by doing. Discussion by Miss L. Esther Devan, Miss Rachel Goldner, and Miss Carrie M. Badaracco. Remarks on the same by Supt. Gordon. Recession of ten minutes.

Institute called to order by Vice Pres. F. M. Petty. A paper was read by Mrs. John Touhey on "History—The time I devote to it. The way in which I teach it." Talks on the same by W. S. Williams and Geo. F. Mack, the concrete method as presented by Mr. Williams, and the means of local history in leading up to the history of nations as presented by Mr. Mack, being commended by Miss Patterson.

A list of the teachers having been secured, the roll was now called, the following being noted absent: Miss Edna A. Rader, Miss Lotta A. Sargent, sick, and Miss Mabel Jameson of joint district.

General remarks by Supt. Gordon, who commended the teachers earnestness in behalf of the institute. He earnestly advised the teachers to constantly keep in mind the ideas of self-improvement, and a desire to keep up with the times.

MONDAY EVENING, NOV. 25.

On Monday evening the teachers and friends assembled in Taylor & Allen's hall to listen to a musical prepared by the teachers of Amador county for the entertainment of their fellow teachers. The following program was rendered quite effectively, and greatly enjoyed by all present:

Address of welcome—Mr. John R. Treiglon.

Grand march, "Regulation"—Orchestra.

Vocal solo, "Beyond The Gates"—Miss E. Mabel Wheeler.

Trío, "La Tipico"—Misses Grainger and Henry Allen.

Overture, "Standard"—Orchestra.

Piano solo—Miss Maud Crabtree.

Waltz—Evergreen—Orchestra.

Concert solo—F. A. Ball.

Ragtime, "Ma Dixie Belle"—Orchestra.

Vocal solo—Miss Thirza Paull.

Gavotte, "Golden Reward"—Orchestra.

At the close of the program the teachers were asked to remain, while they were served with a delicious repast of ice cream and cake. All seemed to enjoy themselves very much.

TUESDAY, NOV. 26, 1901.

Institute called to order by Vice Pres. W. H. Coleman. Singing, "The Days of Youth," by committee and institute. The roll was called by assistant secretary, and the following were noted absent: Geo. F. Mack, W. H. Greenhagh being tardy. Minutes of previous meeting were read and approved.

A motion was made by W. S. Williams that the absence of previous meeting be excused, as the causes of such absence were found to be such as could not be avoided. Motion carried.

Motion made and carried that the secretary send a dispatch of sympathy, in behalf of the institute, to Geo. F. Mack, on its being found that the recent reports of his great bereavement in the death of his son, had been confirmed.

"What I Know of the Rational Method in Reading" was taken up by Miss Anna McLaughlin in a few remarks, and Miss Louise A. Weithoff in a paper.

"Phonics or Word Building" was presented by Geo. A. Gordon in a quite interesting talk, comparing his methods of seventeen or eighteen years ago with the methods of to-day. He commended the teachers, especially those who teach the little ones, to be absolutely sure that their methods are the correct ones before bringing them into use.

Miss N. E. B. Morrow gave a talk on the same subject, giving the "Pollard Method of Syllabic Reading" in a quite clear and interesting manner, as used by her; the method being commended by Supt. Gordon and Mr. Coleman. Questions and remarks by Messrs. Gordon, and Williams.

"Class Drill" was taken up by Miss Alma M. Patterson, presenting a new and practical method of teaching phonics.

"How often per week should the studies of a grade be recited," was presented by W. M. Fuller, and discussed by institute. No definite conclusion being reached.

Adjourned for noon intermission. Institute called to order at 1:35 by Pres. Geo. A. Gordon. Music by committee. Roll call. A motion was made and passed that the following named persons be elected honorary members of the institute: Oscar Martin, John R. Treiglon, Rev. Wm. Burchett, Mrs. Dr. Baker, Miss Mayme Thomas, Miss Glendora Burns, J. S. Clark, Dr. Freshman, Mr. Smith, Miss Clara Salles, Miss Maud Porter, Mrs. Gillis, Mrs. Whitehead, Mrs. Barnett, Mrs. Caldwell, Mrs. Allen, Mrs. Tuttle, Miss Nellie Hambley, Mrs. R. M. Brown, Mrs. Kerr, Mrs. John B. Treiglon, and Mrs. Williams.

The subject, "Available Materials for Nature Study," and "How to Teach Nature Study," was presented by Miss Anna Vogel in a few remarks, she and Miss Mary L. Tibbitts seeming to give W. H. Greenhagh sufficient time in which to take up the same subject.

Supt. Gordon made some remarks on the subject, to the effect that specimens of plants gathered and preserved by pupils seemed to him quite a useful study. Mr. Greenhagh made quite good use of the time kindly given him by the others, giving a very interesting talk.

Miss Alma M. Patterson took up the subject, "Nature Study," in a very interesting way, many good points being brought out by discussion.

Miss Alma M. Patterson showed her class the subject to a class, using objects from nature.

A motion was made and carried that a committee be appointed by the chair for the purpose of finding the course of study, and find out the best method of arrangement of recitations on the principal subjects so as to conform with the law of twenty recitations per week.

Miss Patterson made a few farwold remarks to the institute, cordially inviting the teachers to visit the San Francisco State Normal.

NIGHT SESSION TUESDAY, NOV. 26. Singing, "Hunter's Call," by committee, after which Supt. Gordon introduced the speaker of the evening, Alexander Gordon, of the State Academy, who delivered a lecture on "Educational Trinity." The lecture was well attended by teachers and townspeople. Meeting closed with song of the subject, "Then We'll Sing," by committee.

WEDNESDAY, NOV. 27. Called to order by Pres. Geo. A. Gordon. Singing by committee and institute.

On motion of W. M. Fuller, seconded by Miss Vannie McLaughlin, Miss Cassinelli was excused on account of sickness.

A motion was carried that the teachers purchase a floral piece for the funeral of Geo. F. Mack's son. Also a motion was carried to appoint a committee to attend to the same matter. The committee appointed by Supt. Gordon for this purpose was W. S. Williams, Miss Vannie McLaughlin, Miss Bertha Mason.

A few general remarks were then made by W. H. Greenhagh, after which he took up the subject, "The Use of Local History as Illustrative of U. S. History," and gave quite an interesting talk on the same.

D. S. Snedden of Stanford University, took up the subject, "Enriching the History and Geography Work of the Upper Grades," and gave a very interesting and instructive talk on the same.

Miss Agnes M. Rader and Miss Alice Bagley stating that they gained many points that they could apply when they returned to their respective schools.

Supt. Gordon made some remarks, giving a little history of local history near Jackson in connection with the history of California. A recess was then declared.

Miss M. D. Wheeler read an interesting paper on "The Use of School Library as Helps."

"The Use of Literature and Reading in the Upper Grades" was taken up by D. S. Snedden in a very interesting manner, some points that were brought out by D. S. Snedden, the concrete method as presented by Mr. Williams, and the means of local history in leading up to the history of nations as presented by Mr. Mack, being commended by Miss Patterson.

A list of the teachers having been secured, the roll was now called, the following being noted absent: Miss Edna A. Rader, Miss Lotta A. Sargent, sick, and Miss Mabel Jameson of joint district.

General remarks by Supt. Gordon, who commended the teachers earnestness in behalf of the institute. He earnestly advised the teachers to constantly keep in mind the ideas of self-improvement, and a desire to keep up with the times.

Minutes of previous meeting were then read, and after corrections, approved, having been omitted in the morning on account of lack of time.

A communication from Geo. F. Mack and wife, expressing their gratitude for the message of condolence sent by the institute, was read.

After noon recess the meeting was called to order by Vice Pres. F. M. Petty.

A paper on "Some of the Difficulties in Advanced Arithmetic," was read by H. L. Waste. Some questions were asked on reading and literature, especially on "The Republic," being answered by D. S. Snedden.

"Some Suggestions for the Teaching of Arithmetic," was taken up by Mr. Snedden, some good suggestions being given; the necessity of oral work to accompany the written work, and the use of special drills in these things. Discussion followed by Miss N. E. B. Morrow, Miss Lena J. Gartin, Miss Esther Brooks, W. H. Coleman, W. S. Williams.

A recess of a few minutes was declared, after which papers on "The Teaching of Current Events in Connection with History and Geography," were read by Miss Thirza Paull and Miss Wanda Reichling.

Mr. Snedden took up the subject, "Can the Recitation be Made More Effective," and presented it in a way to be clearly understood by the teachers, a discussion bringing out many good points. Discussion by W. H. Coleman, Miss Mamie E. Tierney, Miss Frances Mooney, Miss Margaret Schilling and F. A. Ball.

The committee appointed by Mr. Coleman on the number of recitations per week, consisting of Mr. Williams, Miss Post and Mr. Waste, reported, and a motion was made and passed that the report be accepted as read.

The committee on resolutions reported, such reports being read by Mr. Coleman. A motion was made and carried that the resolutions be accepted as read.

A motion was made and carried that the institute appoint the secretary on the correctness of the minutes, and the assistant secretary on the discharge of her duty.

After a few closing remarks by Supt. Gordon, the institute adjourned.

In the evening the meeting was called to order by Supt. Gordon at 7:30. After the singing of "The Red, White and Blue," by the committee, D. S. Snedden delivered a very interesting lecture on "The History of the American People," which was well received by all present. Meeting closed by singing "America" by committee and institute, after which some of the teachers attended a ball given in Taylor & Allen's hall.

F. A. BALL, Secretary.

RESOLUTIONS. Your committee beg to report that it is our belief that while there is in our county a great desire to arrange our programs as to comply with the requirement of the recent school law, which limits recitations to twenty a week, and still cover our course study, any attempt to do so at the expense of known and proved truths in regard to child education, and especially the coming of child's attention to one subject the entire day, would be a mistake. We therefore recommend that the superintendent request each teacher in the county to study carefully the problem of reconciling the law and the course, and report to him within a certain time for the benefit of all concerned.

W. S. WILLIAMS, H. L. WASTE, HENRIETTA POST.

Whereas, this Institute, from a social point, has been one of the most successful held in Amador county, and

Whereas, this has been almost wholly due to the cordial hospitality of the citizens of Amador county, therefore be it

Resolved, that the teachers of Amador county institute return to them their heartfelt thanks.

Whereas, during the week we have had ample opportunity to judge of the kindness, consideration, and hospitality of the people of Amador county, to the teachers of Amador county, be it

Resolved, that we extend to them our thanks, and congratulate the people of Amador county on the possession of such a corps of teachers.

Resolved, that the institute has been particularly fortunate in securing the services of D. S. Snedden, of Stanford University. His talks have been helpful, practical and entertaining. We leave the institute feeling that much that he has said will bear fruit in better teaching.

Resolved, that the gratitude of the institute be extended to the teachers of Amador county for the issuance of the application of Louisa Juka, deceased, for the purpose of having her will probated.

Resolved, that Miss Alma M. Patterson's presentation of methods, and her suggestions and talks on subjects of the primary grades, have

been of incalculable value to us, and that our appreciation follows her to her work in other fields.

Resolved, that County Superintendent George A. Gordon be congratulated upon his success in making this institute one of the most successful in the history of Amador county by his untiring conscientious labors, seconded by such a wide choice of instructors.

Resolved, that the institute extend to the secretary and his able assistant, their thanks for the complete and able manner in which the minutes have been reported.

Whereas, one of our co-workers, Mr. Geo. F. Mack, has been so suddenly and sadly bereaved of his beloved son Robert; and

Whereas, the teachers of Amador county, do most sincerely sympathize with him in his great sorrow; therefore, be it

Resolved, that we extend to him and to each member of his family our heartfelt sympathy in this their great affliction.

Whereas, we realize that in the death of Miss Porter we have lost an earnest worker and pleasant companion from our midst; and

Whereas, the members of her family are deprived of a dearly beloved one, whose many noble qualities made her loss an irreparable one; therefore, be it

Resolved, that we, the teachers of Amador, do extend to them our deepest sympathy.

Miss M. D. WHEELER. MISS M. D. WHEELER. H. L. WASTE. W. S. WILLIAMS.

W. H. Coleman.

## Saved His Life.

"I wish to say that I feel I owe my life to Kodol Dyspepsia Cure," writes H. C. Christenson of Hayfield, Minn. "For three years I was troubled with dyspepsia so that I could hold nothing on my stomach. Many times I would be unable to retain a morsel of food. Finally I was confined to my bed. Doctors said I could not live. I read one of your advertisements on Kodol Dyspepsia Cure and thought it fit my case and commenced its use. I began to improve from the first bottle. Now I am cured and recommend it to all."

Digests your food. Cures all stomach troubles. Kerr's Pharmacy, Jackson.

## Rainfall.

Since our last report rain has fallen in Jackson, as measured by the Ledger office gauge, as follows:

Dec. 1.....	0.94
2.....	0.46
3.....	1.13
4.....	0.47
5.....	3.00

Making the total for the season 10.71 inches, against 9.14 inches for the same period last year.

## An Evangelist's Story.

"I suffered for years with a bronchial or lung trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Bella River, Ill.

"I have no hesitation in recommending it to all sufferers from maladies of this kind." One Minute Cough Cure affords immediate relief for coughs, colds and all kinds of throat and lung troubles. For cough it is unequalled. Absolutely safe. Very pleasant to take, never fails, and is really a favorite with the children. They like it. Kerr's Pharmacy, Jackson.

## BORN.

HOLTZ.—In Jackson, November 30, 1901, to Mr. and Mrs. Peter Holtz, a daughter.

TOWERS.—In Sutter Creek, December 1, 1901, to Mr. and Mrs. Robert Towers, a daughter.

## MARRIED.

HUGHES-THOMSON.—At Valley Springs, California county, November 27, 1901, by Rev. Charles Swithenbank, William M. Hughes of Lone, to Miss Flora Thomson of Valley Springs.

TOOP-HANNAFORD.—In San Jose, November 27, 1901, by Rev. Dr. Dismore, Dr. Thomas M. Toop of Volcano, to Miss Alice M. Hannaford of San Jose.

DYER-REICHLING.—In San Francisco, December 2, 1901, at 333 Haight street, by Rev. John Stephens, Francis J. Dyer of San Francisco, to Miss Lillie O. Reichling, formerly of Jackson.

CHISHOLM-CONNORS.—In Sutter Creek, November 28, 1901, by Rev. W. Maloney, George H. Chisholm to Miss Elsie Connors, both of Sutter Creek.

## DIED.

MITCHELL.—In the County Hospital, December 1, 1901, William J. Mitchell, a native of Cornwall, England, aged 61 months.

GLEESON.—In Glasgow, Scotland, November 10, 1901, of typhoid pneumonia, Rev. Henry J. Gleeson, aged 29 years.

The deceased priest was a brother of the Rev. J. J. Gleeson of Jackson. Mass will be offered for the repose of his soul in St. Patrick's church, Jackson, on Monday, December 9, commencing at 9 o'clock.

YOUR FAITH will be as strong as ours if you try

Shiloh's Consumption Cure

and ours is so strong we guarantee a cure or refund free trial money, and we send you SHILOH'S costs 25 cents and will cure Consumption, Pneumonia, Bronchitis and all Lung troubles. Will cure cough or croup in a day, and thus prevent serious results. It is doing these things for 50 years. S. C. WELLS & CO., LE ROY, N. Y.

Karl's Clover Root Tea corrects the Stomach

TEACHERS' EXAMINATION, And Graduation Examinations.

Jackson, Cal. Dec. 4, 1901. THE BOARD OF EDUCATION OF AMADOR COUNTY will meet in the office of the Superintendent of Schools at Jackson.

Saturday, December 21, 1901. For the purpose of adopting questions to be asked in the examination in Amador county examinations of graduation from the Grammar School, or that may enter the teachers' examination.

The examination of those to graduate from the Grammar School will be held

Monday and Tuesday, Dec. 23 and 24 1901, at Plymouth, Lone, Amador county, Volcano, and Jackson.

The examination of those desiring to obtain a teacher's certificate will be conducted in the Jackson public school building.

Thursday, Friday, and Saturday, December 25, 27 and 28, 1901. All sessions will begin at 9 o'clock a. m.

## NEWS OF THE WEEK

## Short News Items of Local Interest.

## Caught in a Gas Explosion—Death of W. T. Mitchell—Holiday Announcements.

For the best tomatoes in town go to Cain's.

Home-made bread, pies, cakes, for sale; Mrs. Jennie Larson, Summit st.

Turkey dinner every Sunday at Louvre restaurant.

Call at the White House for holiday presents.

The regular meeting of the Jackson Republican Club will be held next Monday evening in Webb building.

Thomas Lemm has been laid up with an attack of rheumatism for over a week. He is improving.

Fees were collected by the county clerk during the month of November amounting to \$89.80.

Evening prayer and sermon at St. Augustine's church Sunday next, 7:30 p. m.

A special meeting of the Ladies' Guild will meet at the home of Mrs. Woodcock on Wednesday next. A full attendance is expected.

Shaving and toilet cases, manicure sets, cuff and collar boxes, etc., at Freeman's. The quality and prices cannot be excelled.

Elisha Hampton, late of Chinese Camp, arrived Tuesday night on a visit to his uncle, who is superintendent of the Oneida. He will probably remain in this county.

A family reunion took place at the residence of county recorder D. A. Patterson on Thursday last. Many of the members of the family and relatives were present, and a very pleasant time was spent.

Just received from the east a large invoice of rocking chairs, carpets, metal bedsteads, folding beds, china closets, chiffoniers, tables, couches, parlor and bedroom suits at the White House.

The Foresters of America held a meeting Sunday afternoon, and concluded, on account of the uncertainty of the weather, to abandon the idea of giving a masquerade ball on the 11th instant, as it had been announced.

The aluminum front is Freeman's headquarters for holiday goods.

E. B. Dennison, who has been working all summer for the Standard Electric Company at Tiger creek, left there last week on the closing of the camp for the winter. He has gone to Vallejo, where he expects to secure employment at the Navy Yard.

Lace curtains, portiers, table covers, and rugs at greatly reduced prices at the White House.

Thirteen November eleven patients were admitted to the hospital, eight patients were discharged and two died, leaving fifty-seven patients on December first.

Call and inspect Freeman's toys, dolls, wheel goods, books, etc., before purchasing elsewhere.

St. Augustine's Ladies Guild had their annual election of officers for the coming year, being from advent 1901 to advent 1902: President, Mrs. D. A. Spagnoli; vice-president, Mrs. Clara Lory; secretary, Mrs. E. C. Rust; treasurer, Mrs. Eliza Harvey.

Ladies' jackets, fur capes, and waists at greatly reduced prices at the White House.

Mrs. J. M. Levy, who had been visiting her father, H. Goldner, for several weeks, left Sunday morning for her home in San Francisco, accompanied by her brother, who has been in slender health for some time, and goes to the city in the hope of being benefited by the change of climate.

We are unable to answer inquiries touching the total vote cast for governor in the recent elections in Iowa, Massachusetts, and Ohio. As soon as possible the official vote will be published, also the prize winners. Until then we know no more than our readers are informed by the news before the result is known.

Triplicate, double, single, and hand mirrors of all kinds and prices at Kerr's Pharmacy.

L. G. Norris, formerly of Plymouth, but now an official on the San Francisco water front, came up to Amador county Sunday, to visit his relatives and friends in this section. He first went to see his brother, J. C. Norris at Buena Vista, who met with a painful accident recently. He found him getting along nicely toward recovery.

Tuesday he visited Jackson, and made a call at the Ledger office. The same day he went on to Plymouth to see the folks in his old stamping grounds. He has been here but once before in nine years.

Toys and all kinds of fancy goods that were bought especially for the holidays, and that will please both the young and the old; just the things that will make the little ones happy at Christmas time are to be had at Cademartori's.

Mrs. P. G. Head met with a painful accident Wednesday afternoon. She was in a cart with Mr. Head. In making the turn from Court street to the Volcano road, the horse slipped on the steep incline, rearing the vehicle, and throwing both occupants out. Mrs. Head was bruised about the face and body, but suffered more from the shock than from anything else. She was conveyed to her home close by, and attended by Dr. Lonigo. Mr. Head escaped unhurt.

Special this week, 50 dozen ladies' white hemstitched handkerchiefs at 25 cents per dozen, at the White House.

C. A. Moore, a practicing attorney of Portland, Oregon, was in Jackson last Friday, and made the Ledger office a friendly call. Mr. Moore is seeking a new location on account of his wife's health. The damp climate of Oregon compels him to seek a more salubrious locality, and he thinks the conditions in the foothills of California are just about right. He will visit other counties, however, before deciding where he will locate. Mr. Moore has had considerable experience as a practitioner, and would be a valuable addition to the bar of Amador county.

A fine line of elegantly dressed dolls are on sale at Cademartori's. Make the children happy by bringing them to see the dolls.

W. T. Gillick, of the Pine Grove bridge, caught in a gas explosion Sunday evening, and was fortunate in emerging from the ordeal without serious injury. The hotel is lighted by acetylene gas. On the evening in question he thoughtlessly entered the building for the purpose of recharging the generator. A lightning flash and explosion followed the opening of the machine. Gillick's eyebrows and hair were singed and he was considerably scorched about the face. Fortunately the burns, although very painful, were superficial, and the sight was unimpaired. Mr. Gillick was able to keep right along with his business, but he will not attempt to throw light into the inner workings of his gas plant after dark in future.

M. E. church services Dec. 8. Morning singing, "Open" evening subject, "Under of angel voice, which?"

W. T. Mitchell died in the county hospital on the 1st instant. He had been in the hospital only a few days, brought there from Ione. He leaves a son, George Mitchell, at Volcano, and a stepdaughter, Mrs. Steve Angove, of Jackson.

The greatest catch this week in men's overalls. All wool, black and navy blue kersey, worth \$10 and \$12, going at \$7.50 each at the White House.

We wish to call the attention of the readers of the Ledger to the advertisement of W. E. Kent. We would advise the Ledger readers to verify his statements by calling at the store, and looking his goods over.

Don't forget to call at Cademartori's for fine cakes, pies, nuts, and candies of all kinds for Christmas and the holiday eatings.

At the store of W. E. Kent, near the bridge on Broadway, can be found everything that is required for holiday dinners; such as fine spices, and all the delicacy that goes to make up palatable dishes. By patronizing this store, you are sure that you are getting the purest and the best.

Frank Voorheis, proprietor of the New National hotel, went hunting last Monday, and came home on Tuesday a very sick man. He was suffering with very severe pains in the abdomen and severe vomiting. Dr. L. E. Phillips was sent for, and found on his arrival at the bedside, a dangerously sick man.

He worked over Mr. Voorheis all Tuesday night, and nearly all day Wednesday, and has his patient on the high road to recovery.

Tabesard Reservoir Completed.

The Tabesard reservoir is practically completed. About 250 horses, with wagons, steam shovels, scrapers, etc., belonging to the E. B. and A. L. Stone Company, passed through Jackson on Saturday, and their way to the reservoir in Alameda county. Some 40 horses and 15 men are still left to finish up the work at the reservoir. It will take them from two to three weeks to put the finishing touches on. The tunnel is still unfinished. How long it will take to complete this we are unable to say. Until this is complete the water from the reservoir cannot be utilized, as the tunnel will constitute its only outlet to the power works. Along the upper stretches of the canal the work is nearly completed. The flumes are mostly in place, and water has been running through for a week or more to swell the cracks and make the boxes water-tight. A large number of men have been laid off. It is probable, however, that a great deal of work will be done each summer, for several years to come, necessitating the employment of a large force of workmen.

IONE.

The Ione Cornet Band did not give their grand ball on Thanksgiving, out of respect to the bereaved Geo. F. Mack family, and will give their sixth annual reception Saturday evening. These receipts are always given to George and Will Mack came down from Floriston to attend the funeral of their brother Robert, and returned on Saturday.

Rev. Dr. Dinsmore, a former attaché of the Preston school, came up from the city to attend the funeral of Robert Mack, returning on Sunday.

L. C. Ladd, who has been visiting friends in this city for the past month, returned on Saturday to his home in Stockton.

Mr. White, son of Mrs. C. G. Noble, is visiting relatives in this city. The Presbyterian folks gave an entertainment in the parlors Wednesday evening, under the management of Mesdames McCall and Weller, and was a decided success.

Mrs. Fred Miller and children, Byron and Mary, are visiting relatives in Esparto, Yuc. county.

The Ione Cornet Band contemplates giving a masquerade ball in the near future.

Miss Lu Ursher of Sacramento, is visiting with the Fred Miller family in this city.

AQUILA.

Criminal Returns.

For the month of November the criminal business in the justices' courts is reported as follows:

H. Goldner, Justice Township One—Charles Cornelius Tennessee Goforth, disturbing peace, guilty, sentenced to eight days; costs, \$7.15.

Harry Lavensella, petit larceny, warrant issued, and defendant not found; costs, \$3.

Andrew Casto, battery, fined \$15; costs, \$7.15.

Frank Morgan, misdemeanor, five days; costs, \$7.15.

Robert Wilson, misdemeanor, ten days; costs, \$7.15.

Eugene McPherson, grand larceny, held to answer before the superior court; costs, \$7.90.

A. W. Robinson, Justice Township Three—Jerry Buckley, wandering around at late and unusual hours at night, and sleeping in outhouses without consent of owners, fined \$12 or six days; costs, \$7.15.

John Blower, Justice Township Five—Wm. Rowe, battery, fined \$20; costs, \$8.25.

Wm. Pearson, felony, hearing had at defendant dismissed, costs, \$8.50.

Frank Littlefield, felony, held to answer before superior court for trial; costs, \$15.

Criminal returns from justice court of J. H. Giles are laid over until the next meeting of the board.

Officers Elected.

Oro Fino Circle No. 461, elected the following officers for the coming term: J. P. C. C., Minnie Schroeder; C. C., Mrs. Leam; Sub. C. C., Miss Ratto; Treas., Mrs. Simich; Secty., Mrs. Calvin; R. G., Miss Northey; L. G., Miss Mounter; I. G., Mrs. Guerrard; O. G., Mrs. Turner; Trustee, Mrs. Harvey.

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Call etched had formed and he constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Biliousness, Loss of Appetite, Try it. Only 50c. Guaranteed. For sale by D. B. Spagnoli.

Stops the Cough and works off the Cold

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, no Pay. Price 25 cents.

At the Barrett claim near Pine Grove, the ledge has widened to about 10 feet, and shows free gold. The promoters are greatly pleased with the outlook.

Inspect Kerr's line of holiday goods. They are up-to-date.

Ebony manicure sets, ebony dressing sets, and military sets at City Pharmacy.

Staffed olives, Caviar, Pate de Foie Gras, Imp. Kipper Herring, at Caminetti's Central Market.

## Notable Wedding.

Wedding bells sounded a still acclaim last evening for a quiet nuptial ceremony in the Simpson Memorial church.

The contracting parties were Mr. Frank Dyer of this city and Miss Lily O. Reichel of Jackson, Amador county, and the marriage ceremony was performed by Rev. John Stephens, who, besides a very few intimate friends, was the only one to wish them well in life's journey and their honeymoon trip to Southern California.

This wedding is of unusual interest, as it unites a prominent local newspaper man and the founder of the order of the Native Daughters of the Golden West. Mrs. Dyer is a native of Jackson, Amador county, a woman of great personal charm and beauty and of rare intellectual attainment. She is the daughter of Mr. and Mrs. Reichel of Jackson. Reichel being a prominent mining man, and formerly superintendent of the Kennedy mine. She was educated for a teacher and taught for several years in Amador county, only resigning to become a teacher in Jackson. There she devoted much time to the study of the characteristics of the natives, and in her reports made considerable time in Europe and Siberia. But it is as the founder of the order of Native Daughters that the new Mrs. Dyer is best known, and that her high ideals of womanly position have become fully realized. Possessed of indomitable energy, she overcame most discouraging obstacles in her effort to make the Native Daughter of California the compeer of the Native Son. Although the founder of the order, she would never accept recognition of her efforts by being elected its grand president. It has ever been her aim and intent to firmly impart her own ideals in the workings of the fraternity. She is greatly loved by all Native Daughters, especially those of the interior.

Mr. Dyer, the groom, came here from Iowa five years ago, and since that time has been a resident of this city. He is a host of friends, to whom he had not given the least intimation of his approaching marriage. He is a member of the Press Club, being one of its directors.

Mr. and Mrs. Dyer will be away on their wedding tour until the first of the year, when they will return to make their home in San Francisco.—S. F. Post, Dec. 1.

Wedding Bells.

From San Jose Mercury, Nov. 11.

Miss Alice E. Hannaford and Dr. Thomas M. Topp were married last Wednesday noon at the residence of the bride's mother, Mrs. Susan Pierce Hannaford, 17 Jones avenue. Never had wedding a prettier setting than this. Each room of the pretty home was canopied in the daintiest fashion with lace cambric of silk, which depended from the ceiling to the walls.

In the parlor, where the ceremony took place, white flowers were very tastefully mingled with the green, and numerous potted plants barked the property of the bride, which were in the dining room. In the dining room, pink roses were used and yellow chrysanthemums gave tone to the reception room, with its drapery of silk.

Rev. Dr. Dinsmore performed the marriage service. The bride wore a dainty gown of white chiffon organdie, and carried a shower bouquet of bride roses. Miss Margaret Mann was the bridesmaid, and the groom, becoming gowned in pink, Dr. Charles E. Hablutzel acted as groomsman.

After the ceremony the guests enjoyed an elaborate breakfast. Those seated about the tables were Dr. and Mrs. Topp, Miss Mann, Dr. Hablutzel, Dr. Dinsmore, Mrs. Hannaford, Mr. and Mrs. W. H. Wright of San Francisco, Miss Emma Wright, Mr. and Mrs. Theodore Wright, Mr. and Mrs. H. P. Bostick, Mr. Martin Weller, Miss Fannie Weller, Dr. and Mrs. Van Dalsem, Mr. and Mrs. Munn, Mr. and Mrs. Walter Murry, Miss Webster, Miss Edith McIntyre, Miss Anna Hannaford, Miss Vida Martin, Mrs. Eva Munn, Mrs. Farton, Miss Farton, Mr. and Mrs. Guy Campbell.

A reception followed from two o'clock till four, and the friends of the bride and groom showered congratulations upon them.

Dr. and Mrs. Topp left Wednesday afternoon for Del Monte, where they will make a short stay. Later they will take up their residence in Volcano, Amador county, where Dr. Topp has been located for several years.

The gifts bestowed upon the young couple were particularly handsome. Mrs. Susan Pierce Hannaford leaves the latter part of next week for Volcano, Amador county, where she will reside with her daughter, Mrs. Thomas M. Topp.

Food Changed To Poison.

Putrifying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poison, clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at D. B. Spagnoli's.

Sutter Creek Incorporation.

Action on the petition for the incorporation of Sutter Creek was deferred so as to give the people of that burg an opportunity to study up the boundary lines, and ascertain if further changes are desired. There were no action on the petition before the board, still in the exercise of its discretion and for the best interest of all concerned, it was deemed wise to postpone action. The boundaries of the proposed incorporation have been considerably reduced from the original proposition. It was at first contemplated to take in about 1000 acres. But owing to serious objections the Central Eureka mine and all the property on Sutter hill was thrown out, reducing the area to about 700 acres. The supervisors have no discretion in the matter of calling an election, so the law is interpreted that the Jackson case was before the board. It is likely that at a special election will be called in the latter part of January to decide the issue in Sutter Creek.

Double Passenger Service to Continue.

We are pleased to be able to announce that there is no truth in the reports that have been circulated that the double train passenger service is to be discontinued. Call etched had formed and he constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Biliousness, Loss of Appetite, Try it. Only 50c. Guaranteed. For sale by D. B. Spagnoli.

To Cure A Cold In One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

## BOARD OF SUPERVISORS

## Meet in Regular Session Monday, Dec. 2nd.

## The Incorporation of Sutter Creek.—Warrants Cancelled, Bills Allowed, Etc.

The regular meeting of board of supervisors was held December 2, when proceedings were had as follows. All members being present:

Minutes of last meeting read and approved.

In the matter of petition of L. P. Hane and others, for new road, Caminetti & Bole appeared for non-consenting land owner, U. F. Elledge. Affidavit of publication of notice to non-consenting land owner is presented, showing that the legal notice has been given. Report of viewers read. Objections of U. F. Elledge presented. Moved and carried that the objections report of viewers be sustained. Moved and carried by unanimous vote that the petition be denied.

Petition of E. C. Voorheis and others for the incorporation of Sutter Creek read. E. C. Voorheis, W. J. McGee, and W. E. Downs appeared before board in behalf of petition. Moved and carried unanimously that petition be laid over until next regular meeting, to be taken up at 3 p. m., January 6, 1902.

Master of constructing a new bridge across mile fork of Jackson creek, in town of Jackson. Petition granted. Clerk ordered to return all plans and specifications for Sutter Creek bridge.

Moved and carried that plans and specifications be prepared by C. W. Swain for Jackson bridge to be constructed according to the plans and specifications, bids to be received up to Monday, January 6, at 1 o'clock.

Tuesday, Dec. 3.—Bills allowed against the various funds as follows:
